

MAKE BATTLE PLANS
FOR COL. ROOSEVELT

EXECUTIVE COMMITTEE REPRESENTING VARIOUS STATES WILL MEET PRIOR TO CONVENTION.

Roosevelt May Waive Objections to Root As Chairman If Followers Wish It—Will Make Fight to Secure More Tickets—Hope For Public Hearings on Contests.

Oyster Bay, June 1.—The Roosevelt line of battle for the Republican national convention was formed today. At a "council of war" on Sagamore Hill, which lasted most of the day, there was mapped out a plan which it is hoped will result in the capture of the convention.

The first step is to be organized throughout the country. It is planned to send to Chicago a week or so in advance of the convention, an executive committee from every state in which Roosevelt delegates have been elected, or in which there is a contest. By this method it is expected to mobilize and drill an organization which will act as a unit on every matter which comes before the convention.

As a part of this plan the Roosevelt delegates in every part of the country will be canvassed as to their views on the temporary chairmanship, that a harmonious agreement may be reached. Although Colonel Roosevelt had decided to oppose the selection of Senator Root and had asked Governor Hadley of Missouri to be his candidate for the place, he indicated today that he would waive his objections, if it seemed wiser to his supporters to reserve their fire for the more important contest.

Whether Colonel Roosevelt will go to Chicago to lead the fight in person is now an open question. The colonel virtually served notice on his opponents that under certain circumstances he might go. He said he did not intend to go "unless some grave emergency" of the nature of an "if there is an unfair play I may show up." He said to Robert M. Mick of Chicago, one of his visitors today.

Two other points were agreed upon. Every effort is to be made to have the hearings before the national committee to settle contests for seats held publicly. And the Roosevelt supporters will fight to obtain what they deem an equitable distribution of convention tickets. Col. Roosevelt said he had been told that some of the delegates felt that the action of the national committee "indicated a deliberate purpose to use 10,000 or 12,000 tickets to stuff the gallery with shouters who will try by clamor to overawe the convention."

The men who conferred with Col. Roosevelt today in regard to these plans represented the Roosevelt delegates from Illinois, Maine and North Carolina. The Illinois delegation numbered 14 and was piloted by Alexander H. Revell of Chicago, chairman of the Roosevelt national committee and Medill McCormick of Chicago.

The plan for organization of an executive committee in every state was presented by the Illinois delegation. It met with the enthusiastic approval of the former president. "I heartily approve of it," he said. "I think it is a splendid thing." Regarding the result of the day's conference the colonel said:

"I have written to Governor Hadley in regard to the temporary chairmanship but nothing definite has been decided about that. The Illinois and Maine delegates who visited me today did not think that the temporary chairmanship is essential. I want to hear from the delegates throughout the country before committing myself finally.

"The delegates whom I have seen today consider the matter of the temporary chairmanship as unimportant. They took the ground that whatever the temporary chairman said would represent only his own opinion and the opinion of the national committee and in no way the opinion of the convention; and their belief was that no issue should be made about the temporary chairmanship."

Organization Plan.

After the conference it was made known that the object of the pilgrimage of the Illinoisans to Sagamore Hill regarding which there has been some mystery, was to present the plan for a nation-wide organization. As soon as Colonel Roosevelt gave his "O. K.," Robert McCormick, who is chairman of the executive committee which has already been formed in Illinois, said that requests would be sent immediately to the Roosevelt delegates in every state asking them to form organizations and elect executive committees. He said he expects that some time before the convention opens these committees will be in Chicago. These committees will form a major organization with the expectation of reaching a decision upon every point of importance before it comes up in the convention. "We hope that all the states will do as we have done," said Mr. McCormick, "and send their representatives to Chicago a week or so before the convention opens. In 1860, Illinois aided by Pennsylvania, organized the convention for Lincoln and the right of the people to rule. We expect to do the same thing this time."

FIND MRS. QUINN
IS NOT GUILTY

CHICAGO WOMAN IS FREED BY JURY AFTER BRIEF CONFERENCE.

Was Accused of Killing Her Husband in His Bed Last November—Two Former Husbands of the Defendant Had Died Mysteriously.

Chicago, June 1.—Mrs. Jane Quinn, accused of shooting and killing her third husband, John M. Quinn last December in his bed was found not guilty today by a jury before criminal court Judge Kersten.

The jury deliberated less than three hours before returning the verdict acquitting the woman who testified that her husband was killed by a burglar.

As the words "We find the defendant, Jane Quinn, not guilty," were read, Mrs. Quinn fell in a swoon. A deputy caught her in his arms. When the defendant regained consciousness she wept.

"I knew they would free me," she cried. "There was nothing else they could do. All my life I have been a victim of circumstances, and the climax of all my trouble came when I was accused of murder. I never committed the crime. The jurors believed my story, and I am immensely happy over having regained my freedom."

Mrs. Quinn rested for a time with her arms about her sister and then said: "Sister, take me home. I am so tired."

A few minutes after the jury was dismissed the sisters went to the county jail, obtained the belongings of the freed woman and went to the home of relatives. The jurors refused to discuss how they arrived at their verdict. It was reported that no ballot showed a majority for conviction.

Quinn was shot to death in bed at his home in a suburb on November 2, 1911. Mrs. Quinn averred a burglar killed her husband. She was detained by the police soon after the killing. John McDonald, her first husband and Warren Thorpe, her second, both natives of Michigan had died mysteriously. Thorpe was found shot to death at his home in Michigan.

DOYLE NAMED FOR
STATE SECRETARY

IS ALSO CHOSEN BY COMMITTEE TO FILL VACANCY OF STATE TICKET.

L. L. Emmerson Was Also Considered—But Did Not Press His Claims—Office to Reopen Monday—Church May Still Bring Mandamus Proceedings.

Springfield, Ill., June 1.—C. J. Doyle of this city, state fire marshal and secretary of the Republican state central committee was today nominated by the state committee to fill the vacancy on the state ticket caused by the death last Wednesday of Secretary of State James A. Rose. Following this action by the committee Governor Deneen appointed Mr. Doyle to fill the unexpired term of Secretary Rose.

There were a number of aspirants for the honor but within the past two days the contest had narrowed down to Doyle and L. L. Emmerson of Mt. Vernon. Emmerson was strongly favored by many Southern Illinois Republicans, who felt that the place should go to them, inasmuch as Secretary Rose, who carried over county in the state at the April primaries, came from that section of the state.

Prolonged Conference Held.
The committee meeting followed a prolonged conference between Governor Deneen and Assistant Attorney General Dempsey regarding the legal points in the case. The meeting which was an executive session, was called by State Chairman Roy O. West of Chicago. Mr. Doyle was placed in nomination by Homer J. Tice of Greenville while A. H. Jones of Robinson, nominated Emmerson. The committee was divided on the two candidates when Mr. Emmerson sent word that he did not wish to press his claim, and the selection of Doyle was made unanimously.

Neither the name of Charles W. Vail, clerk of Cook county, superior court, nor that of Fred E. Sterling of Rockford, was presented. Assistant Attorney General John Gamber held the proxy of Chauncey Dewey. Roosevelt's Illinois manager, Dewey, said to have been in favor of the selection of Sterling.

Office to Reopen Monday.
Following the action of the state committee, Governor Deneen appointed Doyle to fill the unexpired term. There is a statutory provision that the secretary shall file a bond of \$100,000 which must be approved by the governor and two members of the supreme court. The bond is expected to be filed with the state auditor Monday morning and the secretary's office which has been closed since Wednesday afternoon will re-open for business.

Governor Deneen has not yet considered the appointment of a successor to Fire Marshal Doyle. The assistant fire marshal is a statutory officer and a such is qualified to carry on the work of the department.

Despite statements of attorneys for Chester W. Church, candidate against Secretary Rose at the April primaries, that he would bring mandamus proceedings against the canvassing board to compel that body to certify his name as the candidate at the November election, no such move was made today, but it is expected Monday.

STEREOTYPES HAVE

RETURNED TO WORK

Nine As Individuals Saturday resumed Old Positions on News-papers.

Chicago, June 1.—Nine stereotypers, who struck in sympathy with the pressmen on Chicago daily newspapers May 2, returned to their former positions tonight. They returned as individuals as the charter of their union has been revoked after an investigation of the sympathetic strike by International President J. J. Freely. The returning stereotypers explained that a telegram sent by Freely, was not read at a meeting called to consider the sympathetic action which was taken. Later Freely tried in vain to call a meeting of the Chicago local and the annulment of the charter followed.

It was reported tonight that several other stereotypers had applied for re-instatement at the union wage and hours, which have been in effect all the time. No trouble over work in progress exists between the stereotypers and the newspaper publishers.

William Kamnitzing and William Dickman who were arrested last night after a non-union newsboy had been assaulted, today were fined \$100 and \$50 and costs respectively. Both were accused of attacking policeman.

PUSH PLANS FOR
BIG CONVENTION

MEMBERS OF NATIONAL COMMITTEE ARE ARRIVING IN CHICAGO.

Number of Contests Is Announced by Secretary Hayward as 228—Chairman to Be Selected at Early Session—1,000 Papers Have Asked for Tickets.

Chicago, June 1.—David W. Mulvane of Topeka, member of the Republican national committee from Kansas to day declared that he expected a lively fight on United States Senator Elihu Root of New York, as temporary chairman of the Republican national convention, but said he expected the action of the sub-committee on arrangements in selecting Senator Root for the place would be approved by the complete national committee.

Pearl Wright of New Orleans, national committeeman from Louisiana was a member of the party governing body to arrive in Chicago to the national convention, but said he expected the nomination of Col. Roosevelt early in the convention. According to statements attributed to him, Mr. Wright believes that the various state presidential preference primaries have settled that point.

With the arrival of several members of the national committee in addition to the active heads of the sub-committee on arrangements, the preliminary work of the national convention took a business like turn today. Secretary William Hayward announced that a total of 228 contests for seats had been filed to date. The arrangements for the work of the committee in hearing contests practically had been completed to night. The hearings have been set for June 6.

Col. Harry S. New of Indianapolis, chairman of the sub-committee on arrangements said to night that it would be physically impossible to take care of about 4,000 newspapers which within the last few days had indicated a desire to be accommodated with seats for their representatives.

It was reported to night that when the national committee meets, its first business will be the election of a chairman. Since the death of John Hill of Maine, Victor Bengue of Nebraska, vice chairman, has been acting as chairman. Several names have been suggested as possible successors to the late Mr. Hill, whose place as committeeman was taken by F. M. Simpson of Bangor, Maine.

AVIATOR FELL
TO HIS DEATH

STRONG WINDS PROVED TOO MUCH FOR PARMALOE'S BIPLANE.

Fatal Accident Happened Near Yakima, Wash.—Young Aviator Was Known as Safest of the Air Travelers—Had Earned Big Sums for Wright Brothers.

North Yakima, Wash., June 1.—Aviator Phillip O. Parmalee was killed at an aviation meet to day. A gust of wind caught and overturned his machine.

After rising to a height of 400 feet, Parmalee swung west over the Yakima river, and increased the speed to almost a mile a minute. When about two miles from the fair grounds he swung in a wind circle to the eastward for the return journey. As he squared away before the wind, the great plane checked in its course, fluttered a second like a wounded bird and plunged below the line of trees. The body of the unfortunate aviator was dragged from beneath the wreckage of the machine by farmers who were working in the orchard, but his skull was fractured and he must have died instantly.

The biplane was demolished to such an extent that the mechanics were unable to trace definitely the cause of the disaster.

Before he prepared for his last flight, Parmalee was asked to postpone the exhibition, at least until the wind quieted, but he laughed at the persistent and fatal misfortune that had dogged the Wrights and their aviators for the last week and refused to let the wind quieten the condition of the fate that was to overtake him. Aviator Parmalee was regarded by experts as the "safest" of American aviators as well as the most successful financially of those employed by the Wrights. He was said to have earned \$197,000 for the Wright brothers during the year 1911 and he quit their employ only a few weeks ago.

Parmalee was born at St. Johns, Mich., about 25 years ago. He entered the employ of Wright brothers two years ago and was in Los Angeles with Arch Hoxsey, who was killed there on January 1, 1911. In Chicago, last August Parmalee established a world's altitude record, flying to an eight of 14,000 feet, but the record was broken on the succeeding day by Lincoln Beachey.

CUMMINS TALKS
OF CANDIDACY

DECLARES NEITHER TAFT OR ROOSEVELT HAVE ENOUGH TO NOMINATE.

Says He Does Not Know Who Will Place His Name Before Convention Believes All Contests Will Be Decided on Merits.

Des Moines, Iowa, June 1.—"The question of who is to place me in nomination before the national convention at Chicago has not been decided. It may not be necessary. We are waiting to see how the presidential situation turns out."

This was the statement made by Senator Albert B. Cummins to day in answer to a question as to who is to present his name before the Chicago convention.

"The majority of the delegates to the national convention already have their minds made up as to who they will vote for as a third candidate in the event neither President Taft nor Col. Roosevelt is nominated," said Senator Cummins.

"There is no need for organization of my candidacy at Chicago. If it comes it will come, no matter what my friends might do between now and the time for the roll call. Neither Taft nor Roosevelt has enough votes to nominate. The contests before the national convention at Chicago are of paramount importance. There lies the control of the convention. Although a majority of the members of the national committee are Taft men, I am confident every contest will be settled on its merits, and every delegate seated will be fairly entitled to his vote in the convention."

NEW SAYS FEARS

Chicago, June 1.—After hearing that part of Colonel Roosevelt's statement referring to the protests of Illinois and Maine delegates against the distribution of tickets for the Republican national convention, Col. Harry S. New, chairman of the sub-committee on arrangements, tonight said:

"To anyone who knows anything about the capacity of the Coliseum such a statement is utterly absurd. The total seating capacity of the house, including delegates, spectators, platform officers and he band is 11,188. The seats occupy nearly all available space. The gallery has seats for only 3,200 persons.

"There isn't standing room for even a small part of such a number of people as the colonel mentions."

STOCKHOLM A WONDERFUL CITY

Miss Lagergreen of School For Blind Faculty to Visit Sweden.

Miss Anna Lagergren of the faculty of the School for the blind is soon to leave for Sweden to spend the summer months. Miss Lagergren recently prepared a paper giving some very interesting facts about Stockholm, the Capital of Sweden. The paper was in part as follows:

"Stockholm was founded in the middle of the 13th century by Reger Jarl, who then was the ruler of the country. He perceived what a splendid location the present site of Stockholm was for a fortified gateway to the rich valley of Lake Malar by its outlet into the Baltic. Reger Jarl is reported to have said, 'since the Lord had made a gate at this spot I would put a lock on it.' For its beauty of scenery and its unique situation Stockholm is unsurpassed by any city in Europe or elsewhere for that matter. The whole city is literally founded on rocks and is built on many beautiful islands.

"Two streets are cut through solid rocks and they slope gradually up from the water to the top of the cliff. There are also two large elevators carrying passengers from the island up the face of the rock wall of the street above. The view from there is magnificent.

"The public works of the city are built and cared for in a manner that is worthy of emulation by richer and larger cities than Stockholm. The population of the city is 100,000. The King Gustav V has his headquarters there in the Royal Palace, which I have had the pleasure of visiting. Stockholm is the seat of the government and one sees state offices everywhere. There are great many handsome and interesting museums. Stockholm has twenty-one public libraries.

"Sweden has a world wide fame for its thorough and practically conducted schools and universities, there being two universities. In Stockholm there are three colleges almost equivalent to the universities, academies of art, music, agriculture and horticulture, military and nautical academies, pharmaceutical institute, veterinary institute, four high schools, three five and one seven grade common school in every parish, one seminary for teachers, several schools for girls, technical schools, gymnastic schools, Lloyd schools, school for deaf and dumb, school for blind, school for idiots, and many private schools of different kinds. In the year 1890 there were 705,995 public school pupils and 13,418 regular public school teachers, while the total population of Sweden that year was 4,824,150. These figures do not include the many private schools and private pupils. The subjects studied at the high schools are Christian doctrine, Swedish, Greek, German, English, history, geography, psychology, logic, mathematics, natural sciences, writing and drawing. Besides gymnastics and military exercises and optional Sloyd. The school year embraces thirty-six weeks divided into two terms. The weekly number of school hours varies from 27 to 32 hours the time used in singing, gymnastic exercises and chapel. There are no study hours during school hours. No one can get married in Sweden who does not know how to read and write and is familiar with his bible.

"The public works of the city are built and cared for in a manner that is worthy of emulation by richer and larger cities than Stockholm. The population of the city is 100,000. The King Gustav V has his headquarters there in the Royal Palace, which I have had the pleasure of visiting. Stockholm is the seat of the government and one sees state offices everywhere. There are great many handsome and interesting museums. Stockholm has twenty-one public libraries.

The True Luncheon Delicacy

Japanese Crab Meat

This wonderfully tasty crab is a true Oriental.

It is caught only off the Korean and Siberian coasts adjoining Japan. Its life in the cold Japanese ocean gives its meat extreme firmness of texture. It is white—on the outside is a faint tinge of delicate pink.

The distinctive flavor and the remarkably attractive appearance make it ideal for luncheons, dinners or suppers.

It makes a dainty main dish for informal affairs, and a very novel addition to formal ones. Its handling makes it an ideal dainty food to be kept in the home for unexpected guests. It can be served cold separately or combined with cold vegetables or heated in a chafing dish.

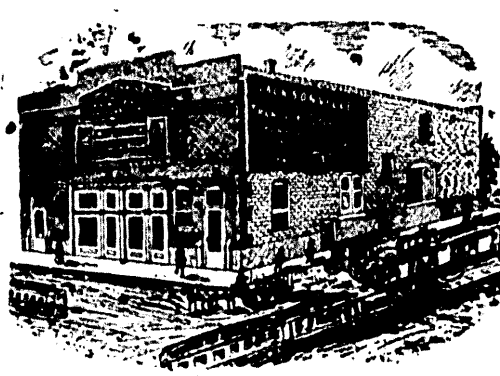

As these Crabs are caught alive and packed immediately, they are one of the few absolutely pure foods.

C.; Miss Georgia Osborne, '77, of Springfield and Mrs. C. R. Henry of Newman's Grove, Neb.

Before taking up the regular program of the afternoon, a period of time was spent in a social manner and the following excellent program of music was given by the faculty and students of the Conservatory and Mrs. William Barr Brown, Jr., Miss Rachel Jerauld, Miss Carrie Dunlap and Mr. William Kitch acting as accompanists:

Mrs. Mary Turner Carriel delivered a most interesting and instructive address on "Women and Children in Other Lands," her remarks being based on her travels abroad. She took up different nationalities and pointed out their characteristics, at the same time making clear the superior advantages of American women.

She took her listeners on a fascinating tour through Italy, Germany, France, Turkey and Palestine and showed them the accomplishments of the various peoples, also their shortcomings. Mrs. Carriel also spoke of the great work that is being done by missionaries and of the hardships they undergo and the most desperate tribes and how through her gentle manner of teaching she won the respect of the leader of a band of robbers and in that way secured protection for all the missionaries in that region.

Many words of appreciation for the excellent address of Mrs. Carriel were said by those who heard her. President C. H. Rammekamp was present and made an appropriate address, expressing appreciation for the support given to the college by the ladies of the Academy, Atheneum and Conservatory. He spoke of the advantages of a union of the three associations and of the fact that they were better equipped for service. He also referred to the scholarships established in the college for young ladies and told of the work done by the young ladies who had received benefits from them.

Mrs. E. C. Lambert carried greetings from the Illinois Woman's college. In a very appropriate speech she told of the great service to the home and thus to the nation that is wrought through schools which specially prepare for Christian womanhood. Mrs. Lambert's remarks were responded to in a very capable and pleasing manner by Miss Maria Fairbank.

The meeting was presided over by Mrs. U. G. Woodman and Mrs. W. Barr Brown acted as secretary. Mrs. Gates Strawn made the cabinet report and also spoke for the nominating committee. The following were placed in nomination and elected as officers for the ensuing year:

President—Miss Mabel Goltz.
Vice president—Mrs. E. P. Bullard.
Recording secretary—Mrs. Ensley Moore.
Treasurer—Mrs. William E. Hall.

Several other matters of business were also attended. The secretary was instructed to extend the sympathy of the association to Mrs. Charles W. Brown. Miss Alma Forsythe made the treasurer's report, showing that the organization was in a good financial condition.

At the conclusion of the meeting the members tarried in the halls to exchange greetings and light refreshments were served by young ladies of the Conservatory.

IMPROVEMENTS TO BEGIN MONDAY

Work Will be Commenced on Hand-some New Front For Myers Bros. Store.

Tomorrow Myers Bros. will begin extensive alterations at their store at the northwest corner of the square. The contract for remodeling the store front was let to Vascenellos & Sons several months ago but the beginning of the work has been necessarily delayed. The changes will increase the depth of the show windows from four feet to six and one-half feet and the background will be of Cressian walnut, the most handsome and expensive wood used for such purposes. The cornice for the new front will be of stone and above the entrance the firm name will be wrought in embossed letters of stone. The heavy steel girders which will be placed in position as the first part of the work weigh approximately eight tons and have a supporting strength of 83 tons. The side of the show windows is best proven by the statement that are constructed with 82 lineal feet of glass. The tide stairway will be closed and 14'x18" glass adjusted to the sidewalk in order to provide light for a new display room in the basement. The entrance will be newly tiled and altogether the improvements will be such as will not only add to the attractiveness of this big store but to the general appearance of the square

as well. Myers Bros. will spend a lot of money for this improvement but they will have something to show for the expenditure.

MRS. ANNA S. MYERS
CALLED BY DEATH

Long Time Resident of Jacksonville
Passes Away at Her Home on East
North Street—Funeral Will be
Tuesday.

Mrs. Anna Stephens Myers died Saturday evening at 6 o'clock at the family residence, 426 East North street, after a long illness at the age of 78 years. Up until four months ago Mrs. Myers had enjoyed very good health, but since that time she has been gradually growing worse. She displayed wonderful vitality and fortitude during her illness and was of an uncomplaining spirit.

She was the daughter of William and Elizabeth Stephens and was born in Lexington, Ky., August 24, 1834. When she was three years of age the family moved to Jacksonville, making the trip across the prairies in a covered wagon, settling in the old Duncan property. For a number of years Mr. Stephens was superintendent of the farming interests of Governor Duncan in Morgan county and after this he engaged in the contracting business.

The daughter received her education under private tutelage with the children of Governor Duncan and attended the old Spaulding school. On January 27, 1856, she was married to John H. Myers of this city by Rev. Jonathan Atkinson, the ceremony taking place in Jacksonville.

In her youth Mrs. Myers united with the Central Christian church, and has been a faithful member and a good worker during her lifetime. She was a member of the first ladies' aid society of the church and at the time of her death was the oldest living member of the church. She was affiliated with the Jacksonville Rebekah lodge No. 12, I. O. O. F., being a charter member of the same and the oldest Rebekeah in Morgan county. She was also an active member of the Daughters of Pionners, the Woman's Relief Corps and the Pleasant Hour club.

Mrs. Myers was a remarkable woman in a great many ways. She possessed a sunny disposition and ever looked on the bright side of life. She was a great lover of home and was never so happy as when surrounded by her friends and loved ones. She was a friend to both the young and the old and by her many sincere acts of kindness and loving deeds made her life beautiful. Mrs. Myers possessed a splendid education and could always be relied upon for the actual facts of happenings during her life. Even in her last years she took a keen interest in the affairs of the day and could discuss them with marked intelligence. Her life covers a long period of the city's history and she often recalled the many changes which have taken place since she was a little girl and of the many wonderful achievements of science during her almost four score years. Surely a Christian and a good neighbor, and a beloved friend has been called to her reward in heaven, leaving behind a most fragrant memory.

Mr. and Mrs. Myers were the parents of twelve children, four of whom survive, as follows: Harry B. Myers and Mrs. A. W. Baldwin of Jacksonville, Mrs. Frank Young of Centerville, Ia., and Mrs. Herman Weber of South Jacksonville. There were ten grandchildren, nine of whom survive, as follows: Frank W., John H. and Jennie Esther Young of Centerville, Ia., Carl H., J. Myers, Louis S., Anna H., Dorothy L. and Henry A. Weber of South Jacksonville. Mr. Myers died thirty-three years ago. Mrs. Myers had one brother, R. F. Stephens, who was a veteran of the Civil war and died shortly after the war closed.

The funeral services will be conducted Tuesday afternoon at 2:30 o'clock from the family residence, 426 East North street, in charge of Rev. Clyde Barsie of the Central Christian church. Interment will be made in Diamond Grove cemetery.

COMMENCEMENT CONCERT.
The commencement concert of the Illinois Woman's college will take place Monday evening at 8 o'clock in Music hall. The public is cordially invited to attend.

C. E. Deceplian signed a contract with a Mr. Munson last late evening wherein he traded his brick business block in VanBuren, Ind., for a well improved farm of 150 acres in Grant county, Ind.

ILLINOIS WINS
IN NINTH INNING

ST. LOUIS UNIVERSITY DEFEATED BY SCORE OF 3 TO 2.

Fast Game Was Witnessed on Illinois Field—Hedgecock Performs Feat of Striking Out 17 Men—Millikin University Comes Monday.

In a brilliant ninth inning, Illinois college wrested victory and stopped what might have been an over-time game, against St. Louis university Saturday afternoon on Illinois field, the score being 3 to 2. The visitors were weak at bat and the runs they made were due to fast base running. Hedgecock pitched right edge ball and struck out seventeen men and his work was easily the feat of the contest. Wittwer for the visitors showed up well, scoring their only two runs.

The last schedule game will take place Monday afternoon at 3 o'clock on Illinois field, when the strong team from Millikin university comes. This will be the last struggle for both squads and as both feel confident of victory a battle royal can be expected.

How the Runs Were Made.
Illinois scored in the first inning. Apple, first man up, drew a base on balls, stole second, moved to third on Goodwin's sacrifice and scored on Widenham's single. In the second inning, Illinois added one more. Hedgecock struck out Jaccard flow out to centerfield. Phillips singled over third base and when he tried to stretch the single into a double, Wittwer threw wildly to second to catch him. Phillips continuing around the circuit. After this both pitchers tightened up and no scoring was done until the sixth when the visitors scored one in this manner. Wittwer singled, stole second and third in succession and scored while McAtee was being thrown out at first. St. L. tied the score in the eighth when Wittwer was hit by a pitched ball, stole second, moved to third on Widenham's error and scored on Buchheit's error.

In the ninth inning, first man up for St. L. U., singled but was thrown out trying to steal second. The next two men went out by the strike out route.

In the last half of the ninth, while the Illinois rooters were praying for a hit, Widenham, first man up, singled, stole second, but was thrown out at third. Darragh, next man up, also singled and went to second on an error by Hoffmann, to third on an error by Daniels and scored when "Jaws" singled with the bases full, making the score 3 to 2.

FOR BETTER PLAYS.

Drama League of America Seeks to Solve Problem of Stage.

The rapid growth of the Drama League of America, which was organized April 25, 1910, having for its purpose the creating of a taste for higher things in the dramatic world, to the extent of crowding out performances of an unworthy character, is demanding the attention of the American people in all quarters of the country. This league purposes to create such a taste for the best in the dramatic world that the managers of the various playhouses will feel that a co-operation along this line is essential, and the best working together the desired object can be obtained. The league in no way will act as censor, but by keeping away from the lower classes of play it members will make their influence felt.

The organization is divided into two departments, that of the playing committee and of the educational committee. In the former the committee will endeavor to assist public in picking out the higher class plays, which to those who are unable to attend only a few performances during the year and where only one night entertainment is given, will be of especial service. The educational committee will plan to reach the people through a discussion of play construction and of the principals which combine to make a worthy production.

Only 50 Women Can Join The Hoosier
Cabinet Club for \$1.00

After you study the above picture you will not wonder that women are anxious to join the Hoosier club, when by so doing they have a Hoosier Cabinet delivered to their homes on payment of only \$1.00.

Think of the hundreds of needless steps every woman you know could save by having her table, pantry and cupboard, with all her tools and supplies centered in one spot. Your energy instead of being wasted is saved and the time spent in your kitchen—the least pleasant part of your work—is reduced by one-half, the moment this famous Hoosier Cabinet comes into your home.

The Hoosier company sends its 3,000 agents a limited number of Hoosier Cabinets each year to be sold under direct supervision of the factory on the famous Hoosier Club Plan.

This year most cities received only 25 cabinets. Our urgent request secured us 50 of these cabinets for the ladies of Jacksonville.

Only 50 women, therefore, can join the club and have a Hoosier Cabinet delivered immediately on payment of \$1.00; balance in a few weekly payments of \$1.00. Many already have enrolled.

The Club Plan differs radically from the installment plan which often is linked with high prices and unknown goods. The low price of the Hoosier Cabinet is fixed everywhere by the factory. No Hoosier agent can sell for less or more on any terms.

So club members get a great benefit from the liberal club terms. The club probably will be filled very quickly. Those who want Hoosier Cabinets should enroll their names at once.

SOCIAL EVENTS.

Mr. and Mrs. W. G. Russell, entertained a company of twenty-five young people at their home in Woodson Saturday afternoon at 5 o'clock. The occasion was a social gathering in honor of their daughter, Miss Jane Martha Russell, whose engagement to Rev. George W. White of Polson, Mont., was made known.

The Russell home was very prettily decorated for the occasion, a color scheme of pink and white being carried out in the parlor by the use of roses and peonies and in the dining room white peonies and white carnations were used. The engagement was announced in a rather unique manner. After refreshments had been served each guest was given a white carnation, to which was attached two cards with white ribbon. On one card was written, "Name the first president and observe the color of the flower," and the other bore the name of the bride-to-be. In this manner the guests easily found out the name of the bride and groom-to-be.

The bride-to-be is a daughter of Mr. and Mrs. W. G. Russell, one of the prominent families of Woodson, and she is quite popular with a large circle of friends. Rev. Mr. White is well known in this city and graduated from Illinois college here in the class of 1908, being valedictorian of his class. In 1911 he graduated from the McCormick seminary in Chicago and since that time has been pastor of the Presbyterian church at Polson, Mont. The wedding will take place June 26 and they will reside at Polson, Mont.

Among those present at the party from this city were: Misses Isabel Russell, Kitty Russell, Anna Hopper and Alice Cooper.

The Misses Carlson entertained Friday evening at their home in honor of Miss Ethel Jones, who is soon to become a bride. The affair was in the nature of a miscellaneous rush and the bride-to-be received many useful presents. The hours were spent in a social manner and in a guessing contest. Miss Fern Halgh won the prize. Each one present wrote a verse containing good wishes for the bride-to-be. Light refreshments were served.

Miss Amanda Rawlings, who has been a patient at Mercy hospital in Chicago for a number of weeks was able to return to her home here Saturday.

ELECTION MONDAY.
For the election Monday the polling places are as usual and polls will be open from 7 until 5 o'clock.

Mrs. Anna Myers, residing on East North street, is very ill and her recovery is not considered probable.

THE NEW PLAY GROUND

Will Be Formally Opened Tuesday at 2 p. m. to the Children of Jacksonville.—The Director, Mr. H. A. Ruyter, on Hand Ready for Business, Preparing the Appliances.

The new playground for the children of the city is almost in shape and the new director, Mr. Ruyter, is on hand and will take charge Monday morning and see to getting everything into shape so that the grounds will be formally opened Tuesday at 2 p. m. There is a good list of articles for the use of the children and they will be put into shape at once and then for a good time such as has not been enjoyed in this city thus far.

The Hours.
It is expected after Mr. Ruyter gets all things into running shape, that the hours will be from 9 a. m. till noon and from 2 p. m. till dark.

The Mothers Wanted.
The management want it distinctly understood that the mothers and adult friends of the children are wanted there. A dozen out door settees have been secured and will be for the especial use of the adults who come with the children and they are wanted there.

Trees and Shrubs.
Have been planted in goodly numbers and these are for the welfare of the children who are to use the grounds. The newly planted articles have been guarded by stakes and wires and must not be molested and all persons who cannot let them alone are requested to stay away from the grounds.

Pupils Invited.
The management of playgrounds and out door athletics is becoming an important calling. While in the city Mr. Ruyter will receive pupils who may fit themselves for usefulness and good remuneration. This is a rare opportunity for the young ladies and gentlemen of this city. All desiring to avail themselves of this fine chance please confer with Mrs. Charles Cole, northeast corner West College avenue and West St.

Tennis Net Wanted.
Any person having an old tennis net, which they are willing either to donate or loan to the playground will confer a great favor by communicating with Frank J. Helm or S. W. Nichols. If half the net is remaining it will suffice, as it is wanted for volley ball, needing a net only a few feet high.

The New Director.
Mr. Ruyter comes to the city admirably equipped for the work he has undertaken. He is enthusiastic over it, has had ample experience in the management of playgrounds and direction of athletic sports and will make things go if he has a chance. The playground is for the children of Jacksonville and Mr. Ruyter wants them to feel at home there; to gather in large numbers, to have a jolly good time and at the same time to learn that which will enable them to have plenty of fun and also to cultivate the health, welfare and manners of all who frequent the ground. The co-operation of the residents in the immediate vicinity of the grounds is especially desired. Let us all help make this enterprise a success.

DEATHS AND FUNERALS

Schermerhorn.
Mrs. Jennie Wells Schermerhorn entered into rest in the 77th year of her life at the home of her son, Dr. W. W. Schermerhorn, Thursday night at 8:45 o'clock.

Jennie Wells was the daughter of W. H. and Aseneth Wells and was born July 4, 1835, in Luzerne, Warren county, New York. She received an academic education, attending school at Glens Falls, Greenwich, and Temple Grove academy, now located at Saratoga, N. Y. On Dec. 12, 1855, she was married to Chas. Schermerhorn, who preceded her in death Feb. 2, 1905. She was the mother of three children, the oldest of whom died in infancy. The other two, Dr. W. W. Schermerhorn of this city and Charles B. Schermerhorn of Chicago, survive her. In 1865 the family moved to Pittsfield, Illinois, and came to Jacksonville in 1869. During that year Mrs. Schermerhorn united with the Congregational church of this city and later engaged actively in the work of the W. C. A. and W. C. T. U.

In such service, and in devotion to her home her deeply rooted religious convictions found expression. Of a reserved nature, she yet attracted many, whose firm friendship through the passing years in an enduring memorial to the strength of her character and her affections. Above all, she cherished a firmly grounded faith in the beauty of the unseen world, which was an inspiration to those around her and which makes the ending of her earthly life seem in truth but the beginning of a larger life of the perfect service which is joy.

The funeral services will be held at the home, 722 West College avenue, this afternoon at 2:30 o'clock.

Nation.
A brief but impressive funeral service for Mrs. Egrina Nation was held at 2:30 o'clock Saturday afternoon at the home of her daughter, Mrs. Elta Coley on Spaulding Place. Revs. W. L. Dorgan and Clyde Darsie conducted the service and several appropriate hymns were sung by Miss Cora Graham.

The remains were taken on the 3:55 train to Appleton City, Mo., where a more extended service will be held and interment will be made.

Dance at Nichols park Wednesday, June 5. O. H. Spaulding.

RETURN FROM MANTANZAS.

Harrison Dickson, Thomas Hale, Homer Furr, Raymond Davis, John Capps and Clarence Chipchase, returned Saturday from Lake Mantanzas, where they have been for the past few days. The boys made the trip on foot and two of the number, Harrison Dickson and Thomas Hale, walked back, leaving Mantanzas at 5 o'clock Friday afternoon and arriving here about 6:30 Saturday morning. The other boys walked to Petersburg and came in on the C. & A. While the walking was somewhat strenuous, the boys stood it fine and greatly enjoyed the exercise and outing.

THE BIRTH RECORD.

THE WATER QUESTION SETTLED.

The one momentous question before the city of Jacksonville is that of water and now it can be reported as settled, as far as the Grand Laundry is concerned. No filth no disease germs, no unsanitary water used. For years the Grand Laundry has had its own immense, never failing well of pure water on its own premises and absolutely all the water used at the laundry comes from it so that all who are particular about the sanitary condition of the water used for their washing may feel perfectly safe when they send their clothes to the Grand Laundry.

As all know, without plenty of good, pure water it is difficult and unsatisfactory to undertake to do sanitary and satisfactory laundry work but at this place no such trouble exists.

HELD SUCCESSFUL MARKET.

VOTE MONDAY

JUNE 3

To the REPUBLICAN VOTERS:

Are You Anxious for Republican Success Next Fall? The election of Judge Robert J. Grier on Monday, June 3d will strengthen our ticket in the Fall. Our opponents are insisting THEY must carry this election on account of its great moral effect upon the fall election. We must carry it for the same reason.

FOR about nine years Judge Grier has presided as Judge of the Circuit Court of this circuit, comprising the counties of Fulton, Knox, Warren, Henderson, McDonough and Hancock. He was re-elected without opposition to the Circuit bench on account of his eminent ability and success as a jurist which testifies to the high regard in which the people of his district hold him. The lawyers of this county who are acquainted with him speak of him in the highest terms. He is in every way qualified for the position and is entitled to the active and loyal support of every Republican.

There is every reason why the Republicans of this District should wish one of their own political faith upon the Supreme Bench.

As we have been unable to reach all of the voters in person or by letter, we take this method of calling your attention to the importance of this election.

GOOD HEALTH

How To Keep It

How To Get It Back

In this column we will discuss Health and Disease and questions of general interest will be answered by responsible members of the regular medical profession. Those not proper for publication will be answered by mail if accompanied by addressed and stamped envelope, provided they do not relate to a disease from which the patient is then suffering. For such diagnosis and advice as to treatment consult your family physician.

Mayors and Health.

We understand that at the recent meeting of the mayors of Illinois one of the principle topics of discussion was how to improve the health of Illinois cities. There is certainly no more important undertaking for city officials than this and none which will bear better fruit in both practical result to the citizens and good repute for the mayors. Germany has set a remarkable example of what can be accomplished by proper attention to health matters. Take one item from Germany's result. Only about one-half as many babies under one year of age die in Germany as died ten years ago. Several German cities show remarkable illustrations of this fact. The death rate during the first year among a hundred babies born at Dresden in 1903 was 19.2 and in 1910, 12.8; at Darmstadt in 1903, 18.4; in 1910, 9.2; in Elberfeld, in 1903, 16.9; in 1910, 9. The rate of death from diphtheria was reduced from 54,760 in 1893 to less than 10,000 in 1910. In 1875 Germany had 18,756 deaths from typhoid fever; in 1910 only 2,000. During the past thirty years the death rate from tuberculosis has been reduced just one-half. What is more deserving of the attention of our health officers? Certainly nothing could more justly ingratiate them in the good will of the citizens whom they are elected to preserve and protect.

Scare Crow Advertising.

Our newspapers, drug counters and bulletin boards are full of advertising material which is designed to frighten the unsuspecting. Recently a little pamphlet came under our notice which pretends to tell people how to guard against appendicitis. Of course the long and the short of this pamphlet is to sell a worthless medicine which the uninitiated are led to believe will prevent them from having appendicitis. The greater part of this pamphlet is taken up with garbled reports from various sources which are put together in such a way as to mislead anyone who has happened to have a pain in the abdomen. It is never safe for anyone to undertake a diagnosis of his own case and if you really do have a pain which suggests to your mind the possibility of appendicitis do not be

frightened into taking patent medicine and do not run off to some surgeon but go to your family physician whom you know and in whom you have confidence and ask him to make a careful examination and diagnosis of your trouble and then follow his advice. Never take serious the scare crow advertising which is distributed gratis for the sole purpose of selling some more or less worthless article.

"Swat the Flies."

The above expression was started as the slogan of the Kansas State Board of Health by its secretary and has led to many reforms in that state. Under that slogan the common drinking cup, the common roller towel, and other long accepted abominations have been abolished. The most recent movement on the part of this board has been the establishment of a summer school for Kansas physicians and health officers. This will be held from June 10-15 at the state university and all county and city officers, physicians and all others interested in public health work are invited and urged to be present and devote a week to the study to methods of sanitation, water supply, sewage disposal, and other sanitary matters. Certainly Illinois could receive valuable suggestions from Kansas.

Bovine and Human Tuberculosis.

Those who follow the study of tuberculosis will remember that at the meeting of the International Congress on Tuberculosis held in the United States several years ago the representatives of Germany, headed by Robert Koch, took the ground that there was no danger of transmitting tuberculosis through milk from cows suffering from that disease. To show the progress that has been made within the last few years in the matter the recent International Congress on Tuberculosis which was held at Rome in April adopted the following resolutions: Resolved, First, The prophylaxis against tuberculosis must principally be directed against the suppression of contamination from man to man and principally in the family. Second, The contamination of man by bovine infection is of less frequency; nevertheless it is necessary to continue all measures against infection of bovine origin.

HOUSEHOLD SCIENCE CLUB.

Has Finished Work of the Season—Some Choice Recipes.

The Household Science club held its last meeting for the season with Mrs. J. W. Lane. Mrs. Leonard, who had kindly consented to favor the club with a reading, delighted those present with her presentation of Rebecca Mary. Following the reading Mrs. Vaught, leader for the day, presented an able paper on "Living up to Our Neighbor's Standards." After a social hour, during which Mrs. Lane assisted by her daughter and Miss Frances Hubbell, served delicious refreshments, the club adjourned until September. The following recipes are published by request:

Quick Bread.

1 tablespoonful sugar.
1 tablespoonful butter.
1 tablespoonful lard.
1½ teaspoonful salt.
1 cup scalded milk.
1 cup boiling water.
1 cake of compressed yeast dissolved in ¼ cup of lukewarm water.
Six or more cups of flour.
Mix all the ingredients together and half of the flour, then the yeast and rest of the flour. Knead and let rise to double its bulk, then make in loaves. Let rise again. Bake one hour. This makes two loaves.

Steamed Brown Bread.

3 cups cornmeal.
2 cups sour milk.
1 cup sweet milk.
2-3 cup molasses.
2 cups graham flour.
½ teaspoonful salt.
1 teaspoonful soda.
Mix Graham flour and cornmeal with sour milk and soda, add molasses and sweet milk. One cup of chopped walnuts may be used if liked. Steam 3½ hours.

Chicken Croquettes.

1 pint chopped or ground meat.
½ pint milk or stock.
1 tablespoonful butter.
1 tablespoonful flour.
1 tablespoonful parsley.
½ teaspoonful salt.
½ teaspoonful pepper.
½ teaspoonful onion juice.
A little celery seed.
Put milk over the fire, cream butter and flour, add to the milk. Stir till you have a thick paste. Have meat ready with salt, pepper, celery seed, parsley and the onion grated over the meat, stir all together thoroughly. When cool, mold into croquettes, dip in egg, roll in cracker or bread crumbs, fry in hot grease.

NEW IMPROVEMENTS.

W. T. Reaugh has been making some fine improvements and adornments in the interior of his south side shoe store. He has had constructed a series of illuminated show cases along the wall and has also placed a number of mirrors which will be a great improvement. Paint cleaning, new carpets and clearing up generally have given the place a fine appearance. Mr. Reaugh is constantly adding to his stock and his store is headquarters for reliable footwear.

PROPRIETY MEDICINES.

are usually the result of the wholesale preparation of some mother's recipe or doctor's prescription which has been especially successful in relieving the ailments for which it is prepared, and which has stood the test of time. Such is Lydia E. Pinkham's Vegetable Compound, originally prepared from roots and herbs for female ills by Lydia E. Pinkham of Lynn, Mass. For nearly forty years it has proven

a great benefactor to the women of America in relieving female diseases of every nature. Its wonderful success proves its merit.

We are showing a big line of the best stoves and ovens made; in fact, everything pertaining to summer cooking, such as fireless cookers, refrigerators, triple sauce pans, etc.

The Best Thing in the Kitchen

The modern housekeeper appreciates the fact that the best thing in the kitchen is an easily operated cabinet style gas range. It enables her to do her cooking and baking comfortably and satisfactorily. The heat is concentrated right in the range -- not thrown out in the kitchen to add to the discomfort of a hot day.

With a Detroit Jewel Cabinet Style Range the best possible results are insured. The scientific oven construction insures perfect circulation of oven heat. This means pies, cakes, bread, etc., will be perfectly baked on the bottom as well as top. The construction of the Detroit Jewel one-piece star shaped burner precludes the danger of leakage of gas and its design gives the greatest number of heat units per foot of gas consumed.

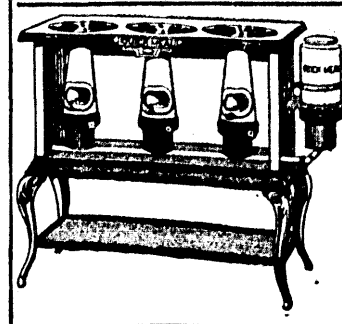

All oven linings are easily removable for cleaning without the use of tools. The drip pans are made by special machines which round the edges and mould the corners. No sharp hand cutting edges or open soldered corners.

With the modern Cabinet Style all cooking and baking operations are on a line with the eye. It isn't work, it's pleasure to prepare meals of such a range.

Call at our store and let us show you and tell you more about them. This information will be profitable as well as interesting we are sure.

TALENT RECOGNIZED.

Misses Minnie and Grace Hoffman Will Join Ameringer Literature Party This Summer.

One famed as an orator and an accomplished musician has selected local talent to help entertain the public in the various cities of Illinois. Misses Minnie and Grace, the accomplished daughters of L. P. Hoffman, well known in local circles as artistic musical performers have fallen into pleasant ways for vacation time following the graduating exercises of the high school in a sort of prelude to the serious things of life.

When Oscar Ameringer, famous as a humorous orator first lectured in this city the Hoffman sisters contributed to the musical portion of the entertainment.

Mr. Ameringer, being a musician and a lover of beauty of expression, became so pleased with the young ladies performance that he made them a proposition to accompany him, his wife and son on a lecture tour during the summer months. Negotiations were started with the state officer of the socialist party with the result that Mr. J. O. Bentall, the state secretary is having a Mitchell car equipped to take Mr. and Mrs. Ameringer and son, the Hoffman sisters with their musical instruments and a picture show to give illustrated lectures.

The performance will include some special musical feature by each member of the company, orchestra numbers and declamations or short speeches by each of the party after which the serious issues that are of interest to every one will be handled by Mr. Ameringer in an illustrated lecture.

Owing to the great amount of work necessary to meet requirements as a valedictory student, it was thought best to give Miss Minnie and her sister a few days rest subsequent to the commencement exercises. Consequently the initiation of their engagement will commence on the eleventh day of June from this place and the program will be given in Socialist hall from the twelfth to the thirteenth inclusive.

The Misses Hoffman are students of education and are accomplished in the art of declamation as they are in that of music.

AN EARLY CROP.

Mr. and Mrs. John P. Sayre of the vicinity of Lynville were in the city yesterday. Mr. Sayre is rather ahead in the matter of corn, as he has ten acres about knee high, which he is cultivating. He expects to have a crop of \$5 acres and all is not yet planted; in fact, all the ground is not broken. It is his way to plow a land and immediately follow with a harrow and planter, putting in the seed while the ground is fresh.

Becker The Man

Contagious Blood Poison, as the name implies, is an infectious blood taint which may be communicated from one person to another. Its virus is of a most insidious nature, multiplying from an insignificant germ in the blood until it becomes a thorough systemic poison. So powerful and dangerous is this terrible blood plague that no time should be lost in trying to drive it from the system. It should not be temporized with, but should be killed as one would a deadly serpent on the pathway. The first manifestation of Contagious Blood Poison is usually a tiny sore or pimple, but it rapidly spreads, and in a short time the entire body shows its presence in the blood. The mouth and throat ulcerate, glands in the groin swell, the hair begins to come out, copper-colored spots appear on the body, and frequently running sores and ulcers break out on the flesh.

A condition of such serious nature requires proper treatment. Not only must the disease be driven out, but the system which has been weakened by the powerful poison must be built up, before health can be restored. The question of most importance therefore is—what medicine has proven by actual results its superiority as a blood purifier? We claim this distinction for S. S. S. because of its successful record for more than forty years.

S. S. S. cures Contagious Blood Poison by purifying the blood. It goes into the circulation and removes the last trace of the infectious virus, acts with fine tonic effect on the stomach, bowels, kidneys, and other portions of the system, and thus makes a perfect as well as a permanent cure. S. S. S. is made entirely of roots, herbs and barks, each of which has a specific action on the system. Not a particle of mineral or other harmful substance enters into its composition. S. S. S. is perfectly safe for any one, and instead of upsetting the stomach, as mineral medicines often do, it tones up this important member, and makes digestion easy. The hands have cured themselves of Contagious Blood Poison by the use of S. S. S., and if you will write and request it we will send you, without charge, our Home Treatment Book which will give you all necessary information for crushing out the life of this serpent-like poison and curing yourself at home. We will also give you free any medical advice you may wish. S. S. S. is sold at drug stores.

SOUTH DAKOTA WILL VOTE.

State Wide Primary Will Be Held Tuesday.

Sioux Falls, S. D., June 1.—After the most involved and complicated campaign in the history of South Dakota, the state wide primary election will be held Tuesday. At that time the voters will record their preferences for nominees for the presidency, for United States senator, for the governorship, for full state parliaments for nominees for the representatives in congress and for minor offices.

South Dakota will be the last state in the presidential campaign to have a preferential primary. Taft, Roosevelt and LaFollette are entered in the Republican contest. There is no reason to believe that the situation here differs materially from that in Nebraska, Minnesota and other near by states and the results are expected to be about the same. South Dakota is one of the original LaFollette states and it is considered possible that the Wisconsin senator may still muster sufficient strength to cut down the Roosevelt vote. On the Democratic side it is a fight between the supporters of Wilson and Clark, with the chances of the speaker materially strengthened by his recent successes elsewhere.

Unlike the most of the other states the presidential fight in South Dakota has been relegated to second place in public interest by the spirited contests for United States senator and state offices, some of which have been running for months. The Republicans are wrought up over bitter factional quarrels, which at the same time have encouraged the Democrats to get into the fight in earnest and with the greatest hope for success that they have ever entertained.

Robert J. Gamble, whose successor in the senate will be named by the next legislature, is a candidate for re-election. His opponents in the Republican party are Col. Melvin Grigsby of Sioux Falls, R. O. Richards of Huron, and Judge Thos. Sterling. The presidential question has been injected into the senatorial fight. Senator Gamble stands with the Taft Republicans. Col. Grigsby is the leader of the Roosevelt forces in South Dakota, while Richards and Sterling lent their support to LaFollette.

Richard F. Patterson, who was elected to the United States senate some twenty years ago, on the Republican ticket, but who later left Republican party on account of its attitude on finance and trusts, is the unanimous choice of the Democrats for the seat of Senator Gamble.

The center of the Democratic fight revolves around the rival candidacies of Edwin S. Johnson of Yankton, the South Dakota member of the Democratic national committee, and P. F. Wickham of Alexandria, who are seeking the nomination for governor. Both men are strong among the Democrats of the state and the contest has become the keener with the brightening prospects that the Democrats may elect the governor next fall. Leomis S. Gull, Fran M. Byrns and George W. Egan are contesting for the honor of heading the Republican state ticket.

Representatives Charles H. Burke and Eben W. Martin, both Republicans, are candidates for renomination and their friends predict that both will be successful, though both have opposition. In the new first congressional district two Republican candidates appear on the ticket. They are O. L. Branson of Mitchell and C. H. Dillon of Yankton. Branson is the regular Republican candidate, while Dillon is making the race as an independent Republican.

The Democrats, Prohibitionists and Socialists have candidates in each of the congressional districts. The Prohibitionists and Socialists also have candidates for governor and other state offices. The tickets of all four parties will be decided in the primaries next Tuesday.

GERMAN CATHOLIC SOCIETIES.—Johnstown, Pa., June 1.—Numerous delegations representing the Roman Catholic clergy and laity of Pennsylvania arrived in Johnstown today to attend the annual convention of the State Federation of German Catholic societies. The officers expect that the convention this year will eclipse all of its former ones in point of attendance. The proceedings will be opened tomorrow morning with a pontifical high mass in St. Joseph's church, which the delegates will attend in a body. In the afternoon a street parade will be held. The business sessions will continue over Monday and Tuesday.

TO TRY MAN POWER FLIGHTS.—Paris, June 1.—An interesting competition will be held in Paris tomorrow, with the object of demonstrating which man can make his own efforts without the aid of a motor. It is suggested that a propeller may be driven by pedalling, as in a cycle, or that some form of cycle may be fitted with planes. A prize of \$2,000 will be awarded to the first person who flies 33 feet with his own power. A further prize of \$20,000 is offered for a man power flight from Paris to Versailles, a distance of several miles.

RETIREMENT OF COL. KONKLIN.—Washington, June 1.—After more than 31 years' service, Col. John Konklin of the second field artillery was placed on the retired list of the army today on his own application. Col. Konklin is from New York and was graduated from the West Point academy. He was in the Cuban campaign in 1898, and took part in the battle of Santiago. He afterward served in the Philippines, and subsequently was stationed at Fort Sill, Okla.

WEDDED IN LONDON.—London, June 1.—Many prominent members of the American colony in London attended the wedding today of Miss Horrowdale Chipman, daughter of Clarence Chipman, a former high commissioner of the Hudson Bay company, and Roswell M. Colt, son of Mrs. S. Pomeroy Colt of Providence, R. I. The marriage ceremony was performed in St. Paul's Church, Knightsbridge.

As "Ed" Howe Sees Life

A woman never returns from a visit to a cemetery without abusing some man for the way his wife's grave is neglected.

There is a Big Stick of which every man is afraid.

When a man dies and people say: "He is better off." It is a sign that they don't care much.

We all know how much trouble we have; but we fail to realize how much trouble others have.

Never work one friend in the interest of another friend.

When a number of men "chip in" to raise a fund, a mean man is sure to develop who will not give his share.

If you are determined to ruin your stomach do it with gravy and pie, instead of with whisky.

If the men who are going to the devil would go more promptly, and make less trouble on the way, people would be better satisfied.

About half the women seem to be named Mary.

The Perfect Laxative For Elderly People

Age has its attractions no less than youth in a more serene and quieter life. But it is this very life of rest without sufficient exercise that brings with it those disorders that arise from inactivity. Chief of these are a chronic, persistent constipation. Most elderly people are troubled in this way, with accompanying symptoms of belching, drowsiness after eating, headaches and general lassitude. Frequently there is difficulty of digesting even light food. Much mental trouble ensues, as it is hard to find a suitable remedy. First of all the advice may be given that elderly people should not use salts, cathartic pills or powders, waters or any of the more violent purgatives. What they need, women as well as men, is a mild laxative tonic, one that is pleasant to take and yet acts without griping. The remedy that fills all these requirements, and has in addition tonic properties that strengthen the stomach, liver and bowels, is Dr. Caldwell's Syrup Pepsin, which thousands of elderly people use, to the exclusion of all other remedies. Trustworthy people like Mrs. Katherine Keller, Chatham, Ill., Benjamin Black, 228 W. Adams St., Chicago, Ill., say they take it at regular intervals and in that way not only maintain general good health, but that they have not in years felt as good as they do now. You will do well to always have a bottle of it in the house. It is good for all the family. Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.
